Dear Parents and Friends,

Thank you teachers and parents for your hard work throughout the semester and the partnerships witnessed, particularly through this last week during Parent/Teacher meetings.

Thank you to all parents who filled in our survey. This again gives feedback for future thinking.

You will have noticed two new additions to your child’s report—an attachment on “Stephanie Alexander Cooking/Garden” practice and a reflection on Habits of Minds Dispositions and Skills. This gives yet another window into your child’s development.

The vision of Habits of Mind redefines the purpose of education. The school aligns its teaching with the philosophy in order to create learners who have self-confidence, independence, high-tech proficiencies to continuously learn, meeting challenges innovatively and creatively.

I congratulate the teachers for their ability to organise and plan work that allows for:

- Creativity and innovation
- Critical thinking and problem solving
- Communication and collaboration
- Flexibility and adaptability
- Initiative and self-direction
- Social and cross-cultural skills
- Productivity and accountability
- Leadership and responsibility

The development of such is seen from K—6. The final product (students in Stage 3) is exemplified in the way our senior students work. This only happens, when as a whole school, we continuously assess, refine and integrate all the practices and teaching strategies and philosophies we value.

Sacred Heart School is a very effect Learning Community ie based on Relationships, Support and Challenge creating engaged learners who develop a love of learning and ongoing curiosity.

Congratulations everyone! It’s so exciting to see such wonderful learning.

Mrs Munn will be on Long Service Leave for Term 3, Mrs Sykes will be teaching S3M. Mrs Bowyer will also be away for the first 3 weeks of Term 3. Any concerns or meetings can be held with Mr King.
RECONCILIATION
Fifty two children received the Sacrament of Reconciliation on Monday evening. Children were very well prepared and the ceremony was very meaningful. Congratulations Mrs Fernon, Mrs Cubis and Mrs O’Connell on this beautifully organised ceremony. Congratulations children on your reverence and serious attention during this Sacrament and thank you to the parents and families for your support.

See you all back at school on Tuesday 14th July.

Serving through love,
Helen Bowyer
Principal

IT’S ELECTRIFYING
One of the assignments in Stage Three this semester has been the students science investigations around “It’s Electrifying”.

Some clever work has been accomplished. Well done Stage 3!
