Rationale
Sacred Heart School provides an atmosphere which promotes the balanced development of the whole person based on Christian values. In doing this, we strive for personal excellence, the promotion of quality education, equality of opportunity and justice for all members of the school community.

Effective and positive discipline helps promote constructive and positive behaviour. We accept responsibility along with the home and community to help the children develop socially acceptable behaviour based on rights, responsibilities and consequences.

The procedures used to respond to discipline issues at Sacred Heart will be based on the principles of procedural fairness. Procedural fairness refers to the ‘right to be heard’ and the ‘right to an unbiased decision’. (Board of Studies, NSW)
